

June 10, 2018

The Alliance is excited to announce that after conducting a comprehensive search Stefanie Maiuri, M.Ed. has joined the organization as our new Executive Director. Stefanie succeeds Liza Sullivan who has served as Executive Director since 2013.

Stefanie brings a wealth of educational experience and enthusiasm about the field of early childhood to the Alliance. Stefanie has spent the past eleven years working for District 112 in Highland Park. She began her career working as both an elementary and middle school teacher. Stefanie then moved on to be an instructional coach where she supported teacher growth, student centered lesson plans and co-led a Kindergarten Study Team to research and build an experiential kindergarten program. Her passion for play-based learning and early childhood lead her into her role as a Teacher and Learning Coordinator. While serving in this role, she advocated alongside parents in her community to prepare her district for an experiential, play based kindergarten. Stefanie's experiences in education, values, and expertise are deeply rooted in how children develop and learn.

Stefanie earned her B.A. in Elementary Education from Michigan State University and a M.Ed. in Instructional Leadership from Loyola University. She currently lives in Evanston with her husband and their seven month old son Dominic.

Stefanie can be reached via email at stefanie@TheAllianceForEC.org, or at 586-292-7052. You can follow Stefanie on Twitter @StefanieMaiuri and the @allianceforec. She looks forward to partnering with our community and carrying on the great work of the Alliance.
