Cultivating a learning community that engages the hearts and minds of students, one child at a time

Early Childhood Transition Form

Play is every kindergarten child's work. Through play children explore their environment and come to know themselves and the lifelong joy, value, and excitement of learning.

Individual experiences that nurture self-reliance and self-esteem are balanced with group experiences that promote self-control and positive peer relationships. In this warm and supportive environment for learning, all experiences provide a solid foundation for academic and social achievement by each child.

-Kindergarten Curriculum Summary
Sunset Ridge District 29

It is our goal to provide a smooth transition for your child as he or she enters our school. The more information we have, the better able we are to create a learning environment that enables your child to reach his or her full potential.

With this in mind, we ask for your permission to access information about your child's previous school experience.
